

About Fostering....

Cat Rescue Newcastle is entirely dependent upon foster carers. Every carer enables us to save more pets from pounds and other areas. Being a foster carer is a great way to have a pet without the expense and long term commitment of owning one. You can always take time off from fostering when you want to travel or have a break.

All that you need to provide is a loving home environment, food/water and your time for a cat in need. Cat Rescue Newcastle pays for all veterinary expenses and can also cover medical supplies such as flea and worm treatment. You can also choose which type of cat you would like to foster to best suit your home environment.

You may ask "How can I let the cat go?" It isn't always easy to say goodbye to your foster pet when they are leaving for their new home. You need to remember that your foster cat will go to a great home and then you can save another animal in need. You can always keep up to date with your foster pet in their new home or if you really can't bear to say goodbye you can always adopt your foster pet.

If you are considering becoming a foster Carer you can find out more on our website or ask us for one of our "Information for Foster Carers Booklets" You will need to sign a foster Care agreement form before you can begin fostering.

Can't Foster? There are plenty of ways you can help C.R.N without fostering. The most important way is simply spreading the word about what we do. You can do this by simply printing our posters (found on our website) and displaying it wherever you can.

If you have any questions please don't hesitate to contact us and we will be in contact with you as soon as possible.

Cat Rescue Newcastle

BSB: 650 000 Account No: 506829801

Cat Rescue Newcastle is a friendly group of volunteers dedicated to the rescue of abandoned, neglected or abused companion animals.

Cat Rescue Newcastle runs solely on the help of volunteers and donations from the public.

Unwanted cats and kittens are placed into loving foster homes until we can find permanent forever homes for them.

All money which we raise is used Entirely to pay for the ever rising costs involved in the rescue and expenses of the cats in our care.

Who is Cat Rescue Newcastle?

Cat Rescue Newcastle (C.R.N) is a rescue group formed to rescue and re-home cats that would otherwise not have a chance. Our motto is "Every cat deserves a second chance".

Cat Rescue Newcastle was formed in 2012 with the guidance of Dog Rescue Newcastle due to the overwhelming numbers of homeless cats. C.R.N have already rescued and rehomed over 200 cats and kittens in the last year alone.

Working alongside Dog Rescue Newcastle we are both working towards the same goal to ensure a better future for the many companion animals in need.

How Do We Work?

Cat Rescue Newcastle rescue's cats from death row at local pounds and place them into loving foster homes until we can find permanent homes for them.

We do NOT have a 'cattery facility' where cats are kept in cages for extended periods – all cats are cared for by dedicated volunteers in their own homes and are involved with their daily family activities.

We are always happy to welcome more volunteers into our small, friendly group.

How You Can Help ...

There are so many ways you can help us save more cats and kittens in need foster caring is only one of the many ways you can help.

By far the biggest expense faced by Cat Rescue Newcastle is vet bills which can amount to thousands of dollars each month. Our adoption fee for our cats barely covers their basic vet costs so donations of any kind are always most needed.

You can also help just by spreading the word about C.R.N and what we do via word of mouth or sharing our posters/brochures etc.

Most important of all you can help us just by being a responsible pet owner and de-sexing your pet to prevent unwanted litters.

Please visit our website (www.CatRescueNewcastle.com.au) for donation information and other ways you can help.

Where Do Our Cats Come From?

Cat Rescue Newcastle's first priority is to save cats from local pounds. These cats are the ones with the most need. We give them more time to find forever homes that otherwise is not possible in the pound.

C.R.N rescues cats from many of the local pounds such as Port Stephens Pound, Wyong Pound, Singleton Pound, Muswellbrook Pound, and beyond where possible.

Animals in pounds in the majority of cases are perfectly healthy, normal family pets. They have become lost and remain unclaimed, or are surrendered by their owners who can no longer care for them.

Cat Rescue Newcastle in special cases also helps local vets and surrenders when resource's permit. We urge people to be responsible as pet owners and find a suitable new home for your pet if you are no longer able to care for it as this could take up a place with a foster carer for a cat in the pound. However C.R.N will aim to help where possible.

Operating in Newcastle, Hunter Valley, Port Stephens & Central Coast areas across New South Wales.
